

24HR Auditions

Step 1 - Download the Participation Form.

Fill out the form to volunteer. Select "Cast Member" as one of your crews of interest. Make sure to fill out the whole form; the bottom section is for those submitting an audition!

Step 2 - Film your audition video.

Select a song from a musical for your audition. Pick a song in your range, one that you can have fun with and can act out! There is no monologue or dialogue portion of the audition, so your song needs to showcase your voice AND your acting skills.

Find accompaniment for your song. An easy place to find karaoke tracks is on YouTube. Feel free to play an instrument if you would like!

Record a ONE-MINUTE video, not the entire song. One minute will usually be about a verse and a chorus, but pick whichever one-minute segment you like!

Be sure to begin your video by introducing yourself and naming the song.

Step 3 - Upload your audition video.

Once filmed, you need to upload your audition video to YouTube. Please make it an "unlisted" video so only those with the link can view it.

Step 4 - Submit your audition and Participation Form.

Email your Form and the audition video link to sheepmusicaltheatre@gmail.com between June 7-30, 2023! You will receive a confirmation email to show we received your submission; if you do NOT receive an email, reach out to us.

Once you have submitted your audition, hang tight until mid-July! You will find out about cast and crew assignments via email.

Remember, we have limited capacity for the 24HR Musical. There is no guarantee that you will be cast in the show.
